# Schedule of prices and fees

This Schedule details the NSW Skills List qualifications eligible for government subsidy under Smart and Skilled. The total price of each qualification, loadings to training providers (where applicable) and student fees are listed.

Fees listed are for the full qualification. The training provider may spread the fee payable across the duration of the course. All providers will charge the same total student fee.

The total price of a qualification is the amount paid to the training provider. This price is made up of a government subsidy and a student fee.

Student fee + subsidy to provider = qualification price

Providers continue to receive loadings to meet the higher cost of training for disadvantaged students (needs loading – for Aboriginal students [15 per cent], students with a disability [15 per cent], long term unemployed [10 per cent]) and students in regional and remote areas (location loading). A Smart and Skilled provider can claim a maximum of one location loading and one needs loading per student per commencement.

## Fee Free Traineeship Initiative

NSW trainees commencing their Smart and Skilled traineeship training on or after 1 January 2020 may be eligible for fee free training. Neither the student nor the employer will have to pay the qualification student fee. This amount, of up to \$1,000, will be paid by the Department directly to the training provider.

For more information on the Initiative including the eligibility criteria, please go to <https://vet.nsw.gov.au/fee-free-traineeships>.

**For trainees who are eligible under the Fee Free Traineeship Initiative, please refer to the NSW Skills List – Qualifications, Prices and Fees schedule below.**

**For trainees who are not eligible under the Fee Free Traineeship Initiative, the fees to be charged are listed in Table 1.**

## Prices and fees for RPL

Prices will be adjusted for Recognition of Prior Learning (RPL) or Recognition of Current Competency (RCC) and credit transfer (CT). Prices and fees calculators are available to Smart and Skilled Providers. They can advise students on fee adjustments due to RPL, RCC and CT.

## Further information

The requirements for the application and management of student fees are set out in the Smart and Skilled Fee Administration Policy.

\* This Schedule lists the NSW Skills List qualifications eligible for government funding under Smart and Skilled, the price for each qualification, student fees and loadings to RTOs where applicable. The Qualification Price is the total of the student fee and government subsidy to the provider.

\* The Strategy column indicates qualifications with additional arrangements. "NFF" indicates the qualification is fee free for all Smart and Skilled students enrolling from 1 December 2022, and commencing between 1 January 2023 and 31 December 2023. "C" indicates that a qualification is subject to additional conditions which will be detailed in relevant training providers' activity schedules. "C-RE" Restricted eligibility; "C-IC" Improve connection to industry; "C-CL" Commencement limit. More information about the conditions can be found here: <https://www.nsw.gov.au/education-and-training/vocational/funding/smart-and-skilled-program-2023/itoc-nsw-market-assessment>

\* Student fees are listed for each qualification for each Smart and Skilled program. The First Qualification column applies to students undertaking their first post school qualification. Students always pay the first qualification fee under "Entitlement Foundation Skills". Apprenticeship and traineeship fees are shown within the First Qualification and Second or Further Qualification columns. For some qualifications (up to Certificate IV) students may also be eligible for a concession (reduced) fee. Concession fees are also listed where applicable. Some students may be eligible for a fee exemption (no fee).

\* All new enrolments in foundation skills qualifications for the next Smart and Skilled activity period (i.e. from 1 July 2023) will be funded through the Entitlement Full Qualification program.

\* The Skills List is updated regularly and reviewed twice a year to meet the changing needs of industry. Superseded qualifications are indicated as "In Transition" in the TGA Qualification Status column. Superseded qualifications are indicated as "In Transition" where the Vocational Training Order (VTO) has not yet been updated with the superseding qualification for Apprenticeships and Traineeships.

\* Each row has Effective From and Effective To dates which indicate the period the qualification is active on the Skills List and for which program(s).

\* This Excel spreadsheet allows users to search and sort the Skills List.
